

WR Entertainment renews Morgan Kane rights and gears up for the Morgan Kane film franchise.

WR Entertainment has renewed the Morgan Kane rights for a further four years, allowing for both the first and second movie to start pre-production in this time frame, and then move on to production and filming. This renewal of rights includes, but is not limited to, all film rights, television rights, merchandize and video games rights associated with the character Morgan Kane from the book series, and includes both the El Diablo and Diablito book series as well.

With this renewal of rights WR Entertainment continues its great relationship with the Hallbing estate, while it paves the way for the much-anticipated Morgan Kane film franchise. WR is thoroughly committed to bringing the iconic character and his stories to the big screen
